1994 STATE TRAINING INVENTORY (STI)

(for the 1993 school year)

LIST OF TRAINING INSTITUTIONS AND TRAINING PROGRAMS BY INSTITUTION

for the

BERKSHIRE CONSORTIUM

SERVICE DELIVERY AREA

[v.1]

MASSACHUSETTS STATE TRAINING INVENTORY
STI

The **State Training Inventory (STI)** is a computerized package that allows users to identify training programs and providers at the secondary and post–secondary levels, by:

- **Geographic area**, including county, service delivery area (SDA), metropolitan statistical area (MSA), single state, or multi–state area (including Connecticut, Maine, Massachusetts, New Hampshire, New York, Rhode Island, and Vermont).

- **Type of institution**, including secondary and adult vocational or technical schools, community or technical colleges, four–year colleges or universities, proprietary schools, JTPA service providers, hospital–based schools, and the Job Corps.

- **Training title and code**, as listed in the Classification of Instructional Programs (CIP) manual, produced by the National Center for Educational Statistics.

The STI contains several features useful to employment and training professionals. These include different ***geographic coding*** of all schools in the database, which allows users to specify the area they want (by state, MSA, SDA, or county) and obtain a listing of all schools/training institutions located there. Users may also examine a specific ***training code*** and obtain a listing of the providers offering such training. Users may look at a specific ***school/training institution*** and obtain the address, admissions telephone number, and a complete listing of the training offered at that school.

The STI was developed by the Massachusetts Occupational Information Coordinating Committee (MOICC) in cooperation with the National Occupational Information Coordinating Committee (NOICC) and the Massachusetts Department of Employment and Training (DET). The database is updated annually and is available to users in print (by SDA) or computerized format.

Please note that inclusion of any school or training institution does not constitute an endorsement of the programs being offered and, while we sought to provide accurate and complete information, errors and omissions may have occurred. English as a Second Language (ESL) is listed using CIP code 32.1099 (Basic Skills, Other) because it does not have its own CIP code.

MOICC can provide a demonstration of the STI and arrange for copies of the software and support materials. For additional information on the STI, contact:

Massachusetts Occupational Information Coordinating Committee
19 Staniford Street, 2nd Floor
Boston, MA 02114

Telephone: (617) 626–5718

This book in includes school listings for the BERKSHIRE (SDA). Communities in this area include:

Adams, Alford, Becket, Cheshire, Clarksburg, Dalton, Egremont, Florida, Great Barrington, Hancock, Hinsdale, Lee, Lenox, Lanesborough, Monterey, Mount Washington, New Ashford, New Marlborough, North Adams, Otis, Peru, Pittsfield, Richmond, Savoy, Sandisfield, Sheffield, Stockbridge, Tyringham, Washington, West Stockbridge, Williamstown, and Windsor.

for the

BOSTON CITY

SERVICE DELIVERY AREA

[V.2]

MASSACHUSETTS STATE TRAINING INVENTORY
STI

The **State Training Inventory (STI)** is a computerized package that allows users to identify training programs and providers at the secondary and post–secondary levels, by:

- **Geographic area**, including county, service delivery area (SDA), metropolitan statistical area (MSA), single state, or multi–state area (including Connecticut, Maine, Massachusetts, New Hampshire, New York, Rhode Island, and Vermont).

- **Type of institution**, including secondary and adult vocational or technical schools, community or technical colleges, four–year colleges or universities, proprietary schools, JTPA service providers, hospital–based schools, and the Job Corps.

- **Training title and code**, as listed in the Classification of Instructional Programs (CIP) manual, produced by the National Center for Educational Statistics.

The STI contains several features useful to employment and training professionals. These include different ***geographic coding*** of all schools in the database, which allows users to specify the area they want (by state, MSA, SDA, or county) and obtain a listing of all schools/training institutions located there. Users may also examine a specific ***training code*** and obtain a listing of the providers offering such training. Users may look at a specific ***school/training institution*** and obtain the address, admissions telephone number, and a complete listing of the training offered at that school.

The STI was developed by the Massachusetts Occupational Information Coordinating Committee (MOICC) in cooperation with the National Occupational Information Coordinating Committee (NOICC) and the Massachusetts Department of Employment and Training (DET). The database is updated annually and is available to users in print (by SDA) or computerized format.

Please note that inclusion of any school or training institution does not constitute an endorsement of the programs being offered and, while we sought to provide accurate and complete information, errors and omissions may have occurred. English as a Second Language (ESL) is listed using CIP code 32.1099 (Basic Skills, Other) because it does not have its own CIP code.

MOICC can provide a demonstration of the STI and arrange for copies of the software and support materials. For additional information on the STI, contact:

1994 STATE TRAINING INVENTORY (STI)
(for the 1993 school year)

LIST OF TRAINING INSTITUTIONS AND TRAINING PROGRAMS BY INSTITUTION

for the

BRISTOL CONSORTIUM
SERVICE DELIVERY AREA

[v.3]

13 JAN 199

MASSACHUSETTS STATE TRAINING INVENTORY
STI

The **State Training Inventory (STI)** is a computerized package that allows users to identify training programs and providers at the secondary and post–secondary levels, by:

- **Geographic area**, including county, service delivery area (SDA), metropolitan statistical area (MSA), single state, or multi–state area (including Connecticut, Maine, Massachusetts, New Hampshire, New York, Rhode Island, and Vermont).

- **Type of institution**, including secondary and adult vocational or technical schools, community or technical colleges, four–year colleges or universities, proprietary schools, JTPA service providers, hospital–based schools, and the Job Corps.

- **Training title and code**, as listed in the Classification of Instructional Programs (CIP) manual, produced by the National Center for Educational Statistics.

The STI contains several features useful to employment and training professionals. These include different ***geographic coding*** of all schools in the database, which allows users to specify the area they want (by state, MSA, SDA, or county) and obtain a listing of all schools/training institutions located there. Users may also examine a specific ***training code*** and obtain a listing of the providers offering such training. Users may look at a specific ***school/training institution*** and obtain the address, admissions telephone number, and a complete listing of the training offered at that school.

The STI was developed by the Massachusetts Occupational Information Coordinating Committee (MOICC) in cooperation with the National Occupational Information Coordinating Committee (NOICC) and the Massachusetts Department of Employment and Training (DET). The database is updated annually and is available to users in print (by SDA) or computerized format.

Please note that inclusion of any school or training institution does not constitute an endorsement of the programs being offered and, while we sought to provide accurate and complete information, errors and omissions may have occurred. English as a Second Language (ESL) is listed using CIP code 32.1099 (Basic Skills, Other) because it does not have its own CIP code.

MOICC can provide a demonstration of the STI and arrange for copies of the software and support materials. For additional information on the STI, contact:

Massachusetts Occupational Information Coordinating Committee
19 Staniford Street, 2nd Floor
Boston, MA 02114

Telephone: (617) 626–5718

This book in includes school listings for the BRISTOL (SDA). Communities in this area include:

Attleboro, Berkley, Dighton, Fall River, Mansfield, North Attleboro, Norton, Raynham, Rehoboth, Seekonk, Somerset, Swansea, Taunton, and Westport.

1994 STATE TRAINING INVENTORY (STI)

(for the 1993 school year)

LIST OF TRAINING INSTITUTIONS AND TRAINING PROGRAMS BY INSTITUTION

for the

BROCKTON AREA CONSORTIUM

SERVICE DELIVERY AREA

[v.4]

MASSACHUSETTS STATE TRAINING INVENTORY
STI

The **State Training Inventory (STI)** is a computerized package that allows users to identify training programs and providers at the secondary and post–secondary levels, by:

- **Geographic area**, including county, service delivery area (SDA), metropolitan statistical area (MSA), single state, or multi–state area (including Connecticut, Maine, Massachusetts, New Hampshire, New York, Rhode Island, and Vermont).

- **Type of institution**, including secondary and adult vocational or technical schools, community or technical colleges, four–year colleges or universities, proprietary schools, JTPA service providers, hospital–based schools, and the Job Corps.

- **Training title and code**, as listed in the Classification of Instructional Programs (CIP) manual, produced by the National Center for Educational Statistics.

The STI contains several features useful to employment and training professionals. These include different ***geographic coding*** of all schools in the database, which allows users to specify the area they want (by state, MSA, SDA, or county) and obtain a listing of all schools/training institutions located there. Users may also examine a specific ***training code*** and obtain a listing of the providers offering such training. Users may look at a specific ***school/training institution*** and obtain the address, admissions telephone number, and a complete listing of the training offered at that school.

The STI was developed by the Massachusetts Occupational Information Coordinating Committee (MOICC) in cooperation with the National Occupational Information Coordinating Committee (NOICC) and the Massachusetts Department of Employment and Training (DET). The database is updated annually and is available to users in print (by SDA) or computerized format.

Please note that inclusion of any school or training institution does not constitute an endorsement of the programs being offered and, while we sought to provide accurate and complete information, errors and omissions may have occurred. English as a Second Language (ESL) is listed using CIP code 32.1099 (Basic Skills, Other) because it does not have its own CIP code.

MOICC can provide a demonstration of the STI and arrange for copies of the software and support materials. For additional information on the STI, contact:

Massachusetts Occupational Information Coordinating Committee
19 Staniford Street, 2nd Floor
Boston, MA 02114

Telephone: (617) 626–5718

This book contains school listings for the BROCKTON (SDA). Communities in this area include:

Abington, Avon, Bridgewater, Brockton, Easton, East Bridgewater, Hanson, Stoughton, Whitman, and West Bridgewater.

1994 STATE TRAINING INVENTORY (STI)

(for the 1993 school year)

LIST OF TRAINING INSTITUTIONS AND TRAINING PROGRAMS BY INSTITUTION

for the

CAPE COD/ISLANDS CONSORTIUM

SERVICE DELIVERY AREA

[v. 4A]

MASSACHUSETTS STATE TRAINING INVENTORY
STI

The **State Training Inventory (STI)** is a computerized package that allows users to identify training programs and providers at the secondary and post–secondary levels, by:

- **Geographic area**, including county, service delivery area (SDA), metropolitan statistical area (MSA), single state, or multi–state area (including Connecticut, Maine, Massachusetts, New Hampshire, New York, Rhode Island, and Vermont).

- **Type of institution**, including secondary and adult vocational or technical schools, community or technical colleges, four–year colleges or universities, proprietary schools, JTPA service providers, hospital–based schools, and the Job Corps.

- **Training title and code**, as listed in the Classification of Instructional Programs (CIP) manual, produced by the National Center for Educational Statistics.

The STI contains several features useful to employment and training professionals. These include different ***geographic coding*** of all schools in the database, which allows users to specify the area they want (by state, MSA, SDA, or county) and obtain a listing of all schools/training institutions located there. Users may also examine a specific ***training code*** and obtain a listing of the providers offering such training. Users may look at a specific ***school/training institution*** and obtain the address, admissions telephone number, and a complete listing of the training offered at that school.

The STI was developed by the Massachusetts Occupational Information Coordinating Committee (MOICC) in cooperation with the National Occupational Information Coordinating Committee (NOICC) and the Massachusetts Department of Employment and Training (DET). The database is updated annually and is available to users in print (by SDA) or computerized format.

Please note that inclusion of any school or training institution does not constitute an endorsement of the programs being offered and, while we sought to provide accurate and complete information, errors and omissions may have occurred. English as a Second Language (ESL) is listed using CIP code 32.1099 (Basic Skills, Other) because it does not have its own CIP code.

MOICC can provide a demonstration of the STI and arrange for copies of the software and support materials. For additional information on the STI, contact:

Massachusetts Occupational Information Coordinating Committee
19 Staniford Street, 2nd Floor
Boston, MA 02114

Telephone: (617) 626–5718

This book in contains school listings for the **CAPE COD/ISLANDS (SDA)**. Communities in this area include:

Barnstable, Bourne, Brewster, Chatham, Chilmark, Dennis, Eastham, Edgartown, Falmouth, Gay Head, Gosnold, Harwich, Mashpee, Nantucket, Oak Bluffs, Orleans, Provincetown, Sandwich, Tisbury, Truro, Wellfleet, West Tisbury, and Yarmouth.

1994 STATE TRAINING INVENTORY (STI)

(for the 1993 school year)

LIST OF TRAINING INSTITUTIONS AND TRAINING PROGRAMS BY INSTITUTION

for the

FRANKLIN/HAMPSHIRE CONSORTIUM

SERVICE DELIVERY AREA

[v.5]

MASSACHUSETTS STATE TRAINING INVENTORY
STI

The **State Training Inventory (STI)** is a computerized package that allows users to identify training programs and providers at the secondary and post–secondary levels, by:

- **Geographic area**, including county, service delivery area (SDA), metropolitan statistical area (MSA), single state, or multi–state area (including Connecticut, Maine, Massachusetts, New Hampshire, New York, Rhode Island, and Vermont).

- **Type of institution**, including secondary and adult vocational or technical schools, community or technical colleges, four–year colleges or universities, proprietary schools, JTPA service providers, hospital–based schools, and the Job Corps.

- **Training title and code**, as listed in the Classification of Instructional Programs (CIP) manual, produced by the National Center for Educational Statistics.

The STI contains several features useful to employment and training professionals. These include different ***geographic coding*** of all schools in the database, which allows users to specify the area they want (by state, MSA, SDA, or county) and obtain a listing of all schools/training institutions located there. Users may also examine a specific ***training code*** and obtain a listing of the providers offering such training. Users may look at a specific ***school/training institution*** and obtain the address, admissions telephone number, and a complete listing of the training offered at that school.

The STI was developed by the Massachusetts Occupational Information Coordinating Committee (MOICC) in cooperation with the National Occupational Information Coordinating Committee (NOICC) and the Massachusetts Department of Employment and Training (DET). The database is updated annually and is available to users in print (by SDA) or computerized format.

Please note that inclusion of any school or training institution does not constitute an endorsement of the programs being offered and, while we sought to provide accurate and complete information, errors and omissions may have occurred. English as a Second Language (ESL) is listed using CIP code 32.1099 (Basic Skills, Other) because it does not have its own CIP code.

MOICC can provide a demonstration of the STI and arrange for copies of the software and support materials. For additional information on the STI, contact:

Massachusetts Occupational Information Coordinating Committee
19 Staniford Street, 2nd Floor
Boston, MA 02114

Telephone: (617) 626–5718

This book in includes school listings for the FRANKLIN/HAMPSHIRE (SDA). Communities in this area include:

Amherst, Ashfield, Athol, Belchertown, Bernardston, Buckland, Charlemont, Chesterfield, Colrain, Conway, Cummington, Deerfield, Easthampton, Erving, Gill, Goshen, Granby, Greenfield, Hadley, Hatfield, Hawley, Heath, Huntington, Leyden, Leverett, Middlefield, Monroe, Montague, New Salem, Northfield, Northampton, Orange, Pelham, Petersham, Phillipston, Plainfield, Royalston, Rowe, Shelburne, Shutesbury, Southampton, South Hadley, Sunderland, Ware, Warwick, Wendell, Westhampton, Whately, Williamsburg, and Worthington.

1994 STATE TRAINING INVENTORY (STI)

(for the 1993 school year)

LIST OF TRAINING INSTITUTIONS AND TRAINING PROGRAMS BY INSTITUTION

for the

HAMPDEN CONSORTIUM

SERVICE DELIVERY AREA

[v.6]

MASSACHUSETTS STATE TRAINING INVENTORY
STI

The **State Training Inventory (STI)** is a computerized package that allows users to identify training programs and providers at the secondary and post–secondary levels, by:

- **Geographic area**, including county, service delivery area (SDA), metropolitan statistical area (MSA), single state, or multi–state area (including Connecticut, Maine, Massachusetts, New Hampshire, New York, Rhode Island, and Vermont).

- **Type of institution**, including secondary and adult vocational or technical schools, community or technical colleges, four–year colleges or universities, proprietary schools, JTPA service providers, hospital–based schools, and the Job Corps.

- **Training title and code**, as listed in the Classification of Instructional Programs (CIP) manual, produced by the National Center for Educational Statistics.

The STI contains several features useful to employment and training professionals. These include different ***geographic coding*** of all schools in the database, which allows users to specify the area they want (by state, MSA, SDA, or county) and obtain a listing of all schools/training institutions located there. Users may also examine a specific ***training code*** and obtain a listing of the providers offering such training. Users may look at a specific ***school/training institution*** and obtain the address, admissions telephone number, and a complete listing of the training offered at that school.

The STI was developed by the Massachusetts Occupational Information Coordinating Committee (MOICC) in cooperation with the National Occupational Information Coordinating Committee (NOICC) and the Massachusetts Department of Employment and Training (DET). The database is updated annually and is available to users in print (by SDA) or computerized format.

Please note that inclusion of any school or training institution does not constitute an endorsement of the programs being offered and, while we sought to provide accurate and complete information, errors and omissions may have occurred. English as a Second Language (ESL) is listed using CIP code 32.1099 (Basic Skills, Other) because it does not have its own CIP code.

MOICC can provide a demonstration of the STI and arrange for copies of the software and support materials. For additional information on the STI, contact:

Massachusetts Occupational Information Coordinating Committee
19 Staniford Street, 2nd Floor
Boston, MA 02114

Telephone: (617) 626–5718

This book contains school listings for the HAMPDEN (SDA). Communities in this area include:

Agawam, Blandford, Brimfield, Chester, Chicopee, East Longmeadow, Granville, Hampden, Holland, Holyoke, Longmeadow, Ludlow, Montgomery, Monson, Palmer, Russell, Southwick, Springfield, Tolland, Wales, Westfield, West Springfield, and Wilbraham.

1994 STATE TRAINING INVENTORY (STI)

(for the 1993 school year)

LIST OF TRAINING INSTITUTIONS AND TRAINING PROGRAMS BY INSTITUTION

for the

LOWER MERRIMACK VALLEY CONSORTIUM

SERVICE DELIVERY AREA

[v.7]

13 JAN 1995

MASSACHUSETTS STATE TRAINING INVENTORY
STI

The **State Training Inventory (STI)** is a computerized package that allows users to identify training programs and providers at the secondary and post–secondary levels, by:

- **Geographic area**, including county, service delivery area (SDA), metropolitan statistical area (MSA), single state, or multi–state area (including Connecticut, Maine, Massachusetts, New Hampshire, New York, Rhode Island, and Vermont).

- **Type of institution**, including secondary and adult vocational or technical schools, community or technical colleges, four–year colleges or universities, proprietary schools, JTPA service providers, hospital–based schools, and the Job Corps.

- **Training title and code**, as listed in the Classification of Instructional Programs (CIP) manual, produced by the National Center for Educational Statistics.

The STI contains several features useful to employment and training professionals. These include different ***geographic coding*** of all schools in the database, which allows users to specify the area they want (by state, MSA, SDA, or county) and obtain a listing of all schools/training institutions located there. Users may also examine a specific ***training code*** and obtain a listing of the providers offering such training. Users may look at a specific ***school/training institution*** and obtain the address, admissions telephone number, and a complete listing of the training offered at that school.

The STI was developed by the Massachusetts Occupational Information Coordinating Committee (MOICC) in cooperation with the National Occupational Information Coordinating Committee (NOICC) and the Massachusetts Department of Employment and Training (DET). The database is updated annually and is available to users in print (by SDA) or computerized format.

Please note that inclusion of any school or training institution does not constitute an endorsement of the programs being offered and, while we sought to provide accurate and complete information, errors and omissions may have occurred. English as a Second Language (ESL) is listed using CIP code 32.1099 (Basic Skills, Other) because it does not have its own CIP code.

MOICC can provide a demonstration of the STI and arrange for copies of the software and support materials. For additional information on the STI, contact:

Massachusetts Occupational Information Coordinating Committee
19 Staniford Street, 2nd Floor
Boston, MA 02114

Telephone: (617) 626–5718

This book in includes school listings for the LOWER MERRIMACK VALLEY (SDA). Communities in this area include:

Amesbury, Andover, Boxford, Georgetown, Groveland, Haverill, Lawrence, Methuen, Merrimac, Newbury, Newburyport, North Andover, Rowley, Salisbury, and West Newbury.
